

JFAO President's Rose Awards

We have outstanding members in our organization who give their time and enthusiasm to their local clubs as well as to the provincial organization. These people make Junior Farmers a great organization to be a part of and are what keeps us moving forward. The President's Rose Awards are an opportunity to celebrate and honour these members and their efforts. It is a way we can say thank you for everything they do. It is recommended that local clubs and individual members nominate anyone eligible for these awards. Even being nominated means a lot to our members.

The categories are:

- Outstanding Novice Member (first or second year member)
- Most Outstanding Member (any member)
- Outstanding Retiring Member (30 years old, regardless of how many years in JF)

Nominees should have shown outstanding leadership and dedication in organizing and/or participating in club and provincial events, initiative in new programs, promoting Junior Farmers, and member recruitment during the past year. For the retiring member nominations, this could include accomplishments from across their Junior Farmer career as well as mentoring younger members. A nomination should include an explanation of why the person is being nominated and a description of their involvement in club, county, or provincial activities, including a listing of all positions held in Junior Farmers up to the past year (event committee member, committee member, club executive member etc.). Providing information on the nominee's involvements outside of Junior Farmers is also recommended.

Nominations require a letter of nomination from at least one member. Additional letters can be from other clubs and organizations; including how Junior Farmers has developed the nominee, and enhanced their organization.

To ensure all deserving candidates are nominated, nominators may submit more than one person for a particular category, provided each has shown equal outstanding achievement and involvement.

If submitting more than one nomination, please submit each nomination using a separate copy of this form - make sure to include your letter!
Deadline for emailing to president@jfao.on.ca is January 31.
